Nackawic High School will be participating in the New Brunswick International Student Program again

next Year. Over the past two years we have hosted two German students and two Brazilian students at NHS. We are hoping to expand the program even further, but in order to do so, we are seeking additional host families for international students. Becoming a host family to a student from a different country and culture is both an enriching and challenging experience. Welcoming international students into your home helps develop friendships that will last a lifetime. Next year, Nackawic Middle School is hoping to become involved as well. We are currently looking to place middle school students from Brazil for 8 weeks in September and October. High school students come from all corners of the globe, and placements can be from September to January, February to June or for the entire school year. Visiting students live with a host family, attend regular classes at Nackawic High School or Middle School and participate in extra-curricular and community activities for the duration of their visit. A host family does not need to have a child who currently attends school. Many grandparents, single adults an empty-nesters have volunteered to host students. There is also a financial incentive for host families to help compensate for the extra expense of welcoming a guest for an extended period. If you are interested in hosting an International student next year, if you have any questions about the program, if you would like to speak to experienced hosts, or if you would like more information about the responsibilities of host families, please contact Sean Newlands at 575-6042 or email sean.newlands@nbed.nb.ca.
