Horizon’s Nackawic Health Centre is here for your primary health care needs.

Did you know our health care team accepts referrals for laboratory services (blood collection) from nearly 200 health care providers in the Greater Fredericton area (Zone 3)? Providing this service, right here in our community, means you don't have to drive to a larger centre for care.

While we are open from 7 am to 3 pm, Monday to Friday, we answer the phones between 8 and 11 am and 1:30 and 3 pm. Our administrative staff have many tasks and ensure everyone is taken care of; which is why phones are answered at the specified times. Please listen to the message carefully, as you may be required to hold. Thank you for understanding. If you or someone you know is looking for a primary-care provider, whether a nurse practitioner or physician, be sure to call Tele-Care 811 and register with Patient Connect NB.
