Nackawic High School is participating in the New Brunswick International

Student Program again next year. This semester we are excited to welcome 4 students from Spain and Germany. We are still accepting applications for host families for 2nd semester, from February to June. Becoming a host family to a student from a different country and culture is an enriching and worthwhile experience. Welcoming international students into your home helps develop friendships that will last a lifetime. By sharing your home and offering guidance to your student, your family becomes an important part of their life. Visiting students live with a host family, attend regular classes at Nackawic High School and participate in extra-curricular and community activities for the duration of their visit. A host family does not need to have a child who currently attends school. Many grandparents, single adults and empty-nesters have volunteered to host students. There is also a financial incentive of \$750/month for host families to help compensate for the extra expense of welcoming a guest for an extended period. If you are interested in hosting an international student, if you have any questions about the program or if you would like more information about the responsibilities of host families, please contact Sean Newlands at 575-6041 or by email at sean.newlands@nbed.nb.ca.
